Birmingham Metropolitan engaged with us to carry out numerous 'Mini Refurbs' to various areas across all four sites. Under the form of one contract allowing them the autonomy to move and change things or even add things to suit their budget. The works consisted of forming new Built Environment Study Areas complete with exposed services and surfaces to showcase the building process, New Administration offices, New Sports Facilities and Art & Design Areas and Dance Studios. Works also consisted of some Major building fabric repairs to Roofing, Electrical & Mechanical installations, and all works were guaranteed and certified by an independent industry Consultants.
